BIG DUTCH SHIP RUNS ON ROCKS HERE IN FOG

London Police Arrest Six Communist Leaders In Raid on "Red" Nest

Half Dozen Officials Taken at Radical Offices to Be Arraigned on Charges of Inciting Sedition and Mutiny—James R. Campbell, Editor of Workers' Weekly, Among Detained—Propaganda Captured

Three Van Loads of Documents Removed to Police Headquarters

LONDON, Oct. 14.—The police tonight raided the headquarters of the Communist party in London and also one of the London branch offices, and arrested six Communist officials. Numerous papers and publications were seized.

The Communist political bureau later issued a statement, describing the incident as "the first step in the new attack on the working class."

This, says the bureau, was foreseen, and it recalls the party's advice to form a workers' defense corps.

"The Communist party," it declares, "will not and cannot be smashed. Close the ranks, strengthen the party, continue to fight for working class unity against the coming capitalist offensive."

The arrested were: James R. Campbell, editor of the Workers' Weekly; Harry Pollitt, secretary of the national minority movement; E. Cant, party organizer; W. Rust, secretary of the Young Communist League; and T. H. Winstanley, member of the staff of the Workers' Weekly.

They will be charged in the Bow Street court tomorrow with conspiring to incite sedition and mutiny. The Mail adds that warrants have been issued for two other members of the Communist executive, W. Gullacher and T. Bell.

Albert Inkpin was closely identified with the efforts of the Communists at the recent parliamentary labor congress at Liverpool to become affiliated with the Labor party.

Harry Pollitt last March was kidnapped from a train from which he was proceeding from Liverpool to attend a demonstration, but after a day or two was released by his captors.

Documents Seized
The prisoners were taken to Bow Street, but refused to have their fingerprints recorded. The police took the names and addresses of all the Communist headquarters, which have been the distributing centre of propaganda publications and the Workers' Weekly. Three van loads of documents, papers, account books, posters, hand bills and pamphlets were removed to Scotland Yard, where they will be sorted and examined.

It is recalled that since the general subversive propaganda the Communists were accused of spreading pamphlets during the recent maneuvers and in the various barracks and naval centres, urging the soldiers and sailors to mutiny.

James R. Campbell is the same Campbell who was indirectly responsible for the fall of the MacDonald Labor government in 1924. He had been charged with attempting to cause a riot among the armed forces, but the prosecution was dropped on the ground that the evidence was insufficient to justify conviction.

A motion was introduced in the House of Commons that a select committee be appointed to investigate the action of the Attorney-General in withdrawing the charges, but the Government declined to accept the motion. Parliament was adjourned and later was dissolved. The government resigned November 4.

THE Provincial Department of Education, while sympathetic to the various recommendations made in the report of the Educational Survey Commission of British Columbia, does not intend to put any of them into force until the entire report has been thoroughly considered and public opinion has been thoroughly tested, according to a statement made yesterday by Hon. Dr. J. D. MacLean, Provincial Minister of Education, while speaking to the trustees' convention.

Mr. Dr. MacLean declared that the two most important recommendations made by the commission had to do with the establishment of what they termed "middle schools" and financial proposals. Relative to the latter, he said, that there should be a two made of four or five miles to the dollar on all the land of British Columbia to cover school costs. At present there was a large amount of property contributing no taxes because such property was outside the boundaries of school districts, and the commission planned to include such land within taxing areas.

New Income Tax Proposed
The commissioners also recommended that all people more than twenty-one years of age should be taxed. At present only those in charge of the best and most

Busy Agenda for School Trustees' Convention Here

THURSDAY, 10 a.m.—Alexandra Hall, report on resolutions submitted to Minister of Education from 1924 convention; debate resumed on resolutions.

2 p.m.—Resolutions, and at 4 p.m. election of officers.

8 p.m.—Reception at High School Auditorium; musical programme and refreshments provided by the teachers.

Bible Chapter Read Daily by King George

LONDON, Oct. 14.—King George has let it be known that he reads a chapter of the Bible every day of his life.

Rear Admiral A. H. Emdin said today in a speech at the "Bible and Empire" demonstration held at Wembley under the auspices of the World Evangelical Alliance.

Admiral Emdin's speech was a condemnation of Bolshevism on account of its rejection of the Bible.

"Gold Brick" Handed West By Premier

WHEAT BOARD PROMISED SASKATCHEWAN FORGOTTEN ON ORDER PAPER, SAYS CONSERVATIVE LEADER

WOLSELEY, Sask., Oct. 14.—At a Conservative rally here tonight R. H. Arthur Meighen made his address to Saskatchewan.

Mr. Meighen said that he was trying to visit as many as possible of the outlying towns in the West. He was anxious to try to offset the adverse propaganda with which the enemies of the Conservative Party, he said, had flooded Canada.

The Conservative policy had been overrated and underrated by those who were so fixed with fear of defeat at the polls that they combined with candidates of any political stripe if only they could defeat the Conservatives. In about forty ridings in Canada there would be no Liberal candidate this election, and the Liberal leader was calling on Liberal voters to support Progressives, Independents and Farmer-Labor candidates.

Progressives Deceived
Of the Progressive Party, Mr. Meighen said he had nothing very severe to say. He believed the movement had begun in earnest and that Progressives had gone out with great zeal for national progress. But they had found, he said, that alliance with the Liberals was a trap. It was none of their best ideas.

As for Premier King, he added, he had said that after sustaining this Progressive movement for four years he could not let it flourish. It seemed to Mr. Meighen that it was Continued on Page 13

Man Found Hanging From Rope in Garage

SPOKANE, Wash., Oct. 14.—J. H. Turnley, a resident of this city for twenty-five years and owner of grocery stores here and in other parts of this region, was found hanging dead with a rope about his neck in a garage at the rear of his home here today.

It was found that the man had caused him to take his life. He is survived by his widow and four sons.

Minister of Education Explains Survey Report

Commissioners Recommend That All Land of B.C. Be Taxed for School Purposes, and That All Loopholes to Escape Income Tax Be Effectively Stopped

THE Provincial Department of Education, while sympathetic to the various recommendations made in the report of the Educational Survey Commission of British Columbia, does not intend to put any of them into force until the entire report has been thoroughly considered and public opinion has been thoroughly tested, according to a statement made yesterday by Hon. Dr. J. D. MacLean, Provincial Minister of Education, while speaking to the trustees' convention.

Mr. Dr. MacLean declared that the two most important recommendations made by the commission had to do with the establishment of what they termed "middle schools" and financial proposals. Relative to the latter, he said, that there should be a two made of four or five miles to the dollar on all the land of British Columbia to cover school costs. At present there was a large amount of property contributing no taxes because such property was outside the boundaries of school districts, and the commission planned to include such land within taxing areas.

New Income Tax Proposed
The commissioners also recommended that all people more than twenty-one years of age should be taxed. At present only those in charge of the best and most

King Policies Are Indicted By Dr. Tolmie

Ruinous Trend of Liberal Tariff Programme and Failure of Immigration Policy Schemes Denounced

Tariff Main Issue Speaker Emphasizes

Conservative Leader's Constructive Platform Clearly Before People, Says Victoria Candidate

THE ruinous trend of the King immigration policy, the failure of the Liberal tariff policy, the exodus of Canadians to the United States, and the export of raw materials to the same country—these were points stressed by Hon. Dr. S. F. Tolmie at St. Luke's Hall, Cedar Hill, last night, in a damning indictment of the Liberal regime just ended.

With Mr. H. Despard Twigg, M.P.P., Dr. Tolmie spoke last night in support of the candidature of Mr. C. H. Dickie, Conservative standard-bearer in the Nanaimo riding.

"Are you satisfied with the conditions prevailing in this country for the last three or four years?" asked Dr. Tolmie at the beginning of his speech, and the audience, chorusing an emphatic "No!" left little doubt as to its feeling.

"Are we ready and willing to continue to ship our raw materials to other countries, there to be manufactured into the finished article by foreign labor which secures the greatest benefit from those raw materials?" Again there was an emphatic "No!" in unhesitating response.

And then Dr. Tolmie got properly under way with his scathing denunciation of the Liberal regime.

The country could no longer, he said, continue to let its artisans compete with the labor of foreign countries where labor was cheap.

Two Rupert Women Making Long Hike

Pair Reaching Prince George Friday—Departure Made September 17

PRINCE RUPERT, Oct. 14.—Miss Anna Bourke and Mrs. S. Johnson, Prince Rupert women, making the 800-mile hike from this city to Vancouver, will reach Prince George on Friday of this week, this marking the halfway point.

They left here on September 17 and covered twenty miles a day while traveling over the G.T.P. Railway ties. They will proceed south from Prince George over the high-carbon hike from this city to Vancouver, which they expect to reach in about a month's time.

Britain May Impose New Customs Duties

Worst Goods, Gloves, Brushes and Like Likely to Get Protection Soon

LONDON, Oct. 14.—Some of the new duties today that the Government has granted an application of the British worsted manufacturers to inquire into the situation of the industry with a view to the imposition of a protective duty under the safeguarding of industries act as recently was done in the lace business.

The Daily Mail says there is reason to expect protective duties will be imposed before Christmas on foreign game mantles, gloves, brooms, brushes, aluminumware, cutlery and worsted goods.

Liners Again Carrying Bullion to New York

NEW YORK, Oct. 14.—Bearing gold valued at more than \$2,500,000, the steamship Homeric arrived today, the first ship bringing bullion cargo in the export movement caused by Great Britain's return to the gold standard last Spring.

The Anaulis is due Friday morning with a similar cargo, and the Leviathan is to bring an even larger quantity on the next homeward journey.

Compulsory Arbitration Resented by Shipowners

MELBOURNE, Oct. 14.—The shipowners here declare that Justice Powers' calling of a conference of all the parties to the shipping dispute in connection with the seamen's strike, is a most inopportune interference of the arbitration court as represented by Justice Powers. It is considered likely that the shipowners will seek legal advice on the question of the "middle school," which should be in charge of the best and most

Burnaby Trustee Is Convention President

MR. GEORGE A. GRANT is presiding at the annual convention of the British Columbia School Trustees' Association, now in session in this city.

Labor Leader Refused Hall

Former Minister of Health Is Forced to Seek Open Air for Speech

GLASGOW, Oct. 14.—Glasgow next Sunday will witness the unusual spectacle of a former minister of the Government—John Wheatley, M.P., who was Minister of Health in the Ramsay MacDonald administration—addressing his constituents in the Shettleston Borough of Glasgow in the open air because the local magistrates refused to sanction the use of a hall for Mr. Wheatley's meeting.

A deputation of Labor leaders, including five members of the House of Commons, who waited on the magistrates yesterday, assert that when the object of the Wheatley meeting was stated to be for a discussion of "current affairs," the magistrates acceded to the request for the meeting to be held in a hall but later when it was said the meeting was called to discuss "Socialism" they withdrew their consent.

Glasgow Labor men are exceedingly wrathful over the magistrates' decision and they declare that the magistrates are attacking free speech. The whole subject is likely to be aired in Parliament.

French Suffer 6,042 Casualties in Syria

Killed and Wounded Since Mandate Was Assigned Reach Heavy Figure

PARIS, Oct. 14.—The French losses in Syria since France took over the mandate of the League of Nations, have amounted to 6,042 men killed or wounded, up to July 31 last.

Premier Painleve made this announcement to the finance committee of the Chamber today. He said he did not have the casualty list of the August and September Russian campaign before him.

The mandate for Syria was assigned to France by the Supreme Council of the Allied Powers April 25, 1920, and was confirmed by the League of Nations July 23, 1922.

Two Hundred Rescued From Burning Hospital

ATHENS, Oct. 14.—Two hundred patients were rescued when the orphan hospital installed in the palace of the late King George was burned by the Armenian Near East Relief burned today.

Women Inspectors Are Opposed Because Sex Lacks Good Judgment

BUT OPINION MEETS WITH PROTEST AT ANNUAL CONVENTION OF TRUSTEES' ASSOCIATION—RESOLUTIONS BEARING ON OVER-AGE STUDENTS AND LIQUOR PROFITS PASSED

THE gentleman who, at the B. C. School Trustees' Association yesterday afternoon, argued against the appointment of women inspectors on the ground that "they do not possess a balanced judgment, and are too easily swayed by their emotions," provoked an ominous whisper of protest. It was not because the meeting agreed with this speaker that it rejected the Peachland board's resolution "that appointments to the British Columbia inspectorate be made irrespective of sex," but because provision is already made for such appointments under the act, and to pass it would, to quote one of the opposers, "be simply cluttering up the records with another bit of superfluous legislation."

The resolutions brought forth some interesting facts as well as lively discussion. The application recently of a full-grown turbaned Hindu for admission to the Duncan High School

Midnight Mists Send Holland-America Boat Ashore at Race Rocks

Freighter Strikes on Bentinck Island on Way Out to Sea—Mishap Occurs in Thickest Weather Conditions Known Here in Years—Ashore in Same Vicinity as Siberian Prince Three Years Ago

Salvage Company Orders Steamer Out to Stand by Wrecked Vessel

B LINDLY groping her way to sea through one of the thickest blankets of fog to envelop the Strait in years, the Holland-America Line freighter Eemdyk drove hard and fast ashore on Bentinck Island at midnight last night.

Six feet of water were reported in the forward holds in wireless messages which called for aid. No loss of life was reported and it is considered unlikely that the crew is in any danger.

At the time of going to press the Pacific Salvage Company's vessel Salvage Queen was preparing to proceed to the scene of the wreck, which is only about ten miles from the Outer Wharves in the direction of the William Head Quarantine Station.

Scene of Former Wreck
The Eemdyk blundered on the self same rocks which held the Siberian Prince in a vise-like grip for many weeks after she had driven ashore in a fog in the Summer of 1922.

Messages from the vessel last night were of a very meagre character, giving no information regarding the extent of the damages sustained.

The Salvage Queen will not, it is anticipated, wait for the fog to lift before steaming to Bentinck Island.

Worst Fog in Years
Experienced mariners expressed themselves of the opinion that the fog last night was the worst encountered here in many years. So thick was the pall of vapor that the midnight boat to Vancouver was compelled to cancel its sailing.

In such weather conditions the Eemdyk could not have been steaming under any other than very slow speed when she struck last night. Evidently, however, the impact of her hull on the jagged rocks that fringe the shore of the island was sufficient to spring serious leaks in her forward plates.

The Eemdyk is a large freighter of about 6,000 tons, of recent construction, and embodying many of the most advanced ideas in modern naval architecture.

Bound for Europe

She was bound for Europe, it is reported, when she struck. On October 12, last Monday, she sailed from Seattle for the intermediary port of Balboa via Tacoma, Portland, San Francisco and Los Angeles. Thus her last port of call was Tacoma.

Bentinck Island, which is probably less than a square mile in area, was recently selected by the Dominion Government as the site for a leper colony, and the construction of requisite buildings for this purpose was begun not long ago. It lies not far from shore in close proximity to William Head.

The Siberian Prince was plainly visible from Dallas Road as salvage operations proceeded in the long fight to free her from the grip of the Bentinck Island rocks.

The Holland-America Line has been maintaining a Europe-North Pacific Coast service for some time. The sailings of freighters of this fleet alternate with sailings of vessels of the Royal Mail Steam Packet Line. They have been frequent visitors at this port.

Three Dead Men Found Sitting At Card Table

Escaping Gas Brings New York Poker Game to End—Death Is Only Winner—Trio Die

NEW YORK, Oct. 14.—Police today found three men about a card table in an East Side room as still as though a spell had been cast upon them. It had been a friendly game apparently, but the only winner had been death.

One lay with his head pillowed in his arm, his right hand clutching three aces and two nines. Another was reaching for the pot, evidently having believed himself the winner of a straight he was holding. The third man, who had discarded his hand, was leaning back with his chin on his chest as though in thought.

Police went to the room in response to a report of the landlady that gas was escaping.

Thursday, October 15

28th Day, 1925

THE WEATHER

General Currie Sounds Note of Mutual Goodwill

Sir Arthur Currie on Coast and Expresses Optimism in Canada's Future—Cooperation Is Needed

No Sectionalism, He Says

VANCOUVER, Oct. 14.—"There must be no sectionalism," said General Sir Arthur Currie, principal of McGill University, who arrived here today from Montreal to take part in the opening exercises of the new University of British Columbia buildings, after referring to the optimism with which he looked to Canada's future. "We must all be for the whole of the Dominion and there must be a measure of give and take for the good of the nation as a whole."

Appreciation of B.C. "Although I have been away from this province, I feel I belong to it, nevertheless, for I spent the greatest period of my life in any one place," said Sir Arthur. "So, it is no wonder I have a soft spot in my heart for British Columbia—a country of high mountains, rich valleys and big people, a country rich in natural resources which is bound to be developed ultimately."

"The three fundamental things on which we must base our future," continued Sir Arthur, "are agriculture, manufacturing and transportation. I see a most prosperous outlook for agriculture, for the world is steadily increasing demand for the products of the soil. Agriculture is no longer conducted along the lines of tradition, but modern scientific methods are being employed."

Science of Agriculture "In this connection I favor government encouragement of the science of agriculture and there ought to be demonstrators always available. We need more men willing to farm and these should receive every assistance to aid them to succeed. Farmers are also paying greater attention to co-operative marketing and the elimination of the middlemen who absorb so much of the cost to the consumer. "There must be give and take between agriculture and manufacturing. There must not be free trade to the detriment of the one class, nor a tariff that is for the benefit of the other alone."

Change of Venue Granted to Hannay

Nanaimo Suspect Pleads Prejudice at Coal City and Trial Comes to Victoria

VANCOUVER, Oct. 14.—Closely guarded by three armed Provincial Police constables, George Hannay, awaiting trial on a breaking and entering charge, appeared before Mr. Justice W. A. Macdonald in Supreme Court today and sought a change of venue for his trial from Nanaimo to Victoria.

The application was granted, and the trial will be heard at the Victoria Assizes, which open on October 20.

Hannay was not represented by counsel.

Trial in the ordinary course would have been before a Nanaimo jury; but Hannay, in an affidavit, deposed that the jurors were prejudiced against him.

Mailed by Newspapers He said that on August 28 he was reported in newspapers as being a gunman who had attempted to draw a loaded pistol on a police officer, and as being a member of the gang who robbed the Royal Bank of Canada at Nanaimo last December. The newspapers had been widely circulated in Nanaimo, he deposed.

Another ground for prejudice against him, he stated, occurred through the fact that at the time of the coal miners' strike, several years ago, on Vancouver Island, he was a Provincial Police officer in the strike zone, embracing Nanaimo, Ladysmith, South Wellington and Extension. There were riots, he explained, troops were called out, and 150 rioters were arrested, and they were tried at New Westminster, after a change of venue was ordered.

Hannay was arrested last August at Squelret Cove, Cortes Island, by Provincial Police Constable Sutton, of Powell River. The charge is breaking and entering a store at Duncan. It is alleged that Hannay, former Provincial Police officer, had escaped from custody, and had sought sanctuary up the coast, where he remained in hiding for over a year.

Warns Divorce Seekers

VANCOUVER, Oct. 14.—"Impression is getting abroad that divorces are easily obtainable in British Columbia, and I for one, am going to destroy that impression, even though I am in favor of divorce when the law is complied with," said Mr. Justice W. A. Macdonald in Supreme Court Tuesday in refusing temporarily to grant a decree to Mrs. Elsie Smith, of Chilliwack against her husband, Elmer O. Smith.

Forest Fire Threatens

NEW WESTMINSTER, Oct. 14.—Edward Walmsley, crown timber agent, received word this morning that the forest fire at Harrison River, which was threatening the lumber mill and townsite, is now under control and unless a very high wind springs up all danger is over. Standing timber near Slave Falls is also safe now, Mr. Walmsley stated.

Ottawa Intervenes In Fruit Charges

Federal Attorney-General Desires to Argue Constitutionality of Combines Probe Act

VANCOUVER, Oct. 14.—To enable the Attorney-General of Canada to be heard on the question of the constitutionality of the Combines Investigation Act, 1923, and Section 433 of the Criminal Code, upon which ten of sixteen charges against fifty-three fruit dealers are based, Mr. Justice D. A. Macdonald adjourned further argument on defendants' motion to quash the indictment until Friday morning.

When assize court convened today Mr. J. C. McRuer, prosecuting counsel, said that the Attorney-General of Canada had wired that he wished to intervene in the argument and desired to instruct counsel. On behalf of the Attorney-General, Mr. McRuer requested that the matter be adjourned until counsel for the Attorney-General argues the point under the Constitutional Act.

Court Defers Argument Mr. Justice Macdonald acquiesced and deferred further argument until Friday.

Should defendants succeed in their application on the constitutional issues, the judgment can not be appealed by the crown. If his Lordship decides against defendants' contentions these can be raised on a plea of not guilty and, in the event of conviction, be argued before high courts. Unless the indictment is quashed the most the defendants at this stage could hope for is to have struck out the counts under the Combines Investigation Act and Section 433 of the Code. The trial then, could proceed on the remaining six counts.

Anticipating the question of the legality of the Combines Investigation Act and Section 433, counsel for the Nash interests proposed last January to the Attorney-General of Canada that the constitutional point should be referred to the Supreme Court of Canada, but the Attorney-General would not agree to that course. An attempt was made to determine the validity of the provisions in the Alberta courts through a civil action which is pending.

Liquor Offenders to Lose Their Permits

Vancouver Magistrate Proposes to Have Guilty Parties Forfeit Licences to Buy

VANCOUVER, Oct. 14.—Persons convicted in the local courts of infractions of the Provincial Liquor Act, in future, be found with the additional penalty of having to surrender their purchasing permits for cancellation by the authorities.

This was the order of Magistrate James A. Findlay as announced in police court today following the conviction of Annie Latkevitch on a charge of consuming or keeping liquor in other than a private guest room.

While the authority of the magistrate as to interdiction is said to be effective under all sections of the Provincial Liquor Act, it is not expected that it will be applied to cases where only intoxication is the charge.

Eugene Sandow Dies Suddenly in London

Former "World's Strongest Man" Succumbs to Effects of Injury of Some Time Ago

LONDON, Oct. 14.—Eugene Sandow, once hailed as "the world's strongest man," died suddenly today in London, where he has recently built up a practice as a health specialist. It is believed death was due to effects of a motor accident in which he was injured some years ago. Like Rignold Brilhart, who he followed as the world's strongest man, and who died in Berlin only this week, Sandow was of German nationality. He was born in 1847, and is said to have been frail in his youth. Sandow was a great exponent of physical culture for the average man, and claimed any one could become strong who underwent his course of training. His activities in this direction were recognized in England in 1911 with his appointment by Royal Warrant as professor of physical culture to King George.

New Arrest Made

SEATTLE, Oct. 14.—Alleged to be a friend of T. H. Johnson and William Bagley, Nanaimo bank robber suspects, and said to have once been a member of their gang in San Francisco and other cities, William McCarthy, aged thirty-seven, was arrested here, Detective C. C. Fortner and E. York, the arresting officers made no statement as to McCarthy's record, but declared he would be quizzed in an effort to trace the still missing jail breakers. He was held on an open charge.

Boak Motion Will Be Argued Monday

Habeas Corpus Application to Be Heard by Chief Justice Here Next Week

VANCOUVER, Oct. 14.—Argument will be heard in Victoria by Chief Justice Hunter next Monday on a motion of Dr. Eric Wilesey Boak, who has been convicted of manslaughter and sentenced to four years' imprisonment in New Westminster penitentiary, for discharge from custody on a writ of habeas corpus.

Mr. W. J. Taylor, K.C., counsel for Boak, and Mr. W. D. Carter, K.C., deputy Attorney-General, appeared this morning before the Chief Justice, who arranged to hear the matter on Monday in Victoria.

In the meantime, the convicted physician, whose automobile, a Victoria jury decided, killed two men on the Saanich Road about a year ago, remains at liberty on \$20,000 bail.

The habeas corpus proceedings are, it is understood, for the purpose of deferring Boak's incarceration in the penitentiary until the Minister of Justice has dealt with his petition for a new trial.

Dr. Boak's appeal from Mr. Justice Gregory's judgment, which upheld the exclusion by the Victoria Jockey Club of the physician from the club because he had been convicted of a crime, is before the Court of Appeal. The court today stood this appeal to the foot of the list, with leave to appellant's counsel to move to have the hearing expedited.

In this case it is proposed to question before the judicial committee of the Privy Council the conviction of Boak for manslaughter.

Ceremony to Mark University Opening

Honorary Degrees to Be Presented for First Time by British Columbia Institution

VANCOUVER, Oct. 14.—Ceremonies which will mark the official opening of the University of British Columbia will be held Thursday and Friday, when the first honorary degrees ever presented by the local institution will be conferred.

The announcement of the programme by Dr. L. R. Killick, president of the University, for the two days of ceremony included an official declaration that the degrees will be awarded to Sir Arthur Currie, principal of McGill University; Hon. W. C. Nichol, Lieutenant-Governor of British Columbia; Hon. Dr. J. D. MacLean, Minister of Education in British Columbia; Dr. Henry Sumailo, president of the University of Washington; Dr. J. R. Plaskett, director of the Dominion Astrophysical Observatory at Victoria; Dr. Henry E. Young, Provincial health officer, and Dr. R. E. McKechnie, chancellor of the University of British Columbia.

LONDON, Oct. 14.—Whatever conflict there may be in the ranks of Labor, according to J. S. Collins, Lord Privy Seal and Deputy Leader in the House of Commons in the late Labor government, there is no division on the question of the maintenance of wage standards. The limit of sacrifice has been reached, he adds. The non-producers must not retain the right to indulge in extravagance while millions of people who are working hard still remain below the standard of reasonable subsistence.

The Campaign

The Hon. First Minister Intervenes—Breaking His Well-Known Silence—On the Poor Old Freight Rates—And Hon. Minister of Mines Intervenes—With His Well-Known Campaign Experience—When a Prediction Is Nothing of the Kind

If the little something you like to take with your campaign politics is ginger, you will accord a hearty vote of thanks to the Grand Old Liberal Party. Two announcements yesterday, as made by the Local Voice of the G.O.L.P., were clearly in the category of hot stuff. Premier Oliver it seems, is going to handle the poor old Freight Rates without gloves. And Hon. Minister of Mines Sloan is going to give his personal attention to the fortunate and appreciative riding of Nanaimo.

Premier Oliver is broken-hearted about the poor old Freight Rates. He knows, on the one hand, all the fine things that have been done for them by Premier Mackenzie King and Mr. Gerry McGeer and the Hon. First Minister of British Columbia. And he knows, on the other hand, all the dastardly and incredible things that have been done against them by Mr. Meighen and Mr. Harry Stevens, and all the conscienceless myriads of the unscrupulous and negligible and unrepentant Conservative Party.

The Hon. First Minister knows all about these things, and he is going to speak right out about them. All his well-known reticence on the subject of the poor old Freight Rates is to be broken down and swept away by a flood of heartfelt speech. Not in Victoria, of course. The Hon. Premier has washed his hands of Victoria. Ever since the last election, he has felt that while he still loves the foolish and misguided electorate of Victoria like a brother, he hates all the people who never hit that foolish and misguided electorate with an axe.

And so the Premier has gone out into the highways and byways of the Lower Mainland, and the foolish and misguided electorate is not past praying for, and he is going to tear the mask from the false and fickle political face of Mr. Stevens. For weeks and weeks, so the story goes, the Hon. Premier has been looking up Nanaimo, to see what Mr. Stevens did say, did not say, might have said, ought to have said, probably will say, all about the poor old Freight Rates. He has been living laborious days, burning the midnight oil, giving up golf, neglecting his daily letter to the newspapers to say he never said it, giving up everything, almost—just so that he could headed the poor old Freight Rates without gloves, and take all the joy out of everybody's life.

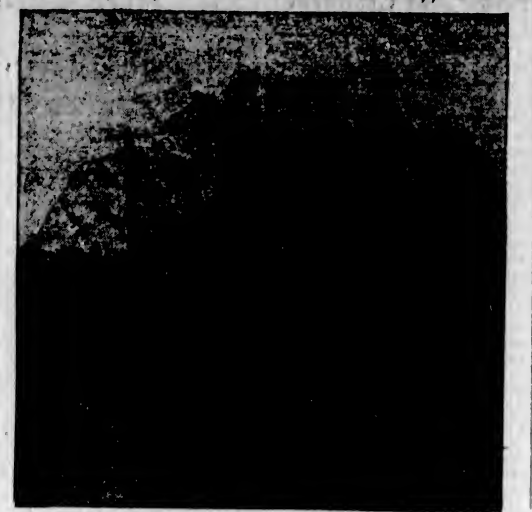

And then there is Hon. Minister of Mines Sloan. He is right busy just now in the fortunate and appreciative riding of Nanaimo. He is there in that happy constituency, pouring out unstintingly from the bountiful stores of his campaign experience in behalf of his friends and proteges, Mr. Thomas Booth. He knows all about elections and by-elections, and the right things to do, and the necessity for not saying much. He cheers the fainting hopes of the G.O.L.P. in Nanaimo with the story of how he brought the good news from Grand Forks, and how he pulled Premier Oliver through at Nelson, and how he frustrated the machinations of the unscrupulous opposition in the matter of the third candidate. In short, Hon. Minister of Mines Sloan is doing his machine among the faithful of Nanaimo; and there is no danger of the machine being properly gingered and oiled, and all that, especially oiled.

Mr. Thomas Booth, who was so sure that it was the fine Italian hand of Mr. Dickie that was to be seen in the entry of Mr. Sam Guthrie as third candidate at Nanaimo, is not so certain whose fine Italian hand it was, or whether, in fact, it was anybody's doing at all, that Mr. Guthrie has since withdrawn. It is a great mystery, and Mr. Booth has given up worrying about it. He has more important fish to fry. He has more important fish to fry, so something with, anyway, according to the scrupulous reports of the unscrupulous opposition. It seems—but of course it can only be a vile canard—that Mr. Booth is going to move in the important matter of restocking with rainbow trout—nothing but rainbow will do. It seems—the important waters of Prospect Lake. Prospect Lake is within the Federal riding of Nanaimo. The catfish, or the angling Conservatives, or something or somebody, have exterminated the trout of Prospect Lake, where there are eight voters, all potential voters for the Grand Old Liberal Party—and Mr. Booth is going to see about it. Clinger in the campaign? Great Gosh, yes. This campaign is so gingersy that it might almost be called red-headed.

The Local Voice of the Grand Old Liberal Party is all het up about the irresponsible way in which this newspaper has been publishing the most absurd predictions, that the G.O.L.P. would not have a majority of votes in the next Parliament at Ottawa. The Local Voice is partly all het up, but mostly it is grieved that any newspaper should do such a thing. The Local Voice is all for moderation and dignity, and a quiet certainty that it goes without saying that this election is going to settle the hash of Mr. Meighen and Dr. Toimie and the effete and discredited Opposition. But as to predictions—no, no, nothing so low-brow. It is all right when Mr. Mackenzie King says he will go so far as to say he will be returned to office. Is that a prediction? No, that is not a prediction. That is faith, and the evidence of things hoped for, and fine statesmanlike utterance at a critical moment in the nation's history.

"Following Billy" is dead. He died yesterday, by Order in Council, or something official of that sort. Following Billy was the dying cat who used to die every night, loudly enough to be heard by everybody in town, nearly out at Hospital Rock, at the western entrance to the harbor. There is no truth in the rumor that that infernal instrument was placed on Hospital Rock by a Conservative civil servant, hoping to discredit the beneficent Mackenzie King Govern-

Variety of Visitors at Banff Park

A public highway near Banff, popular with tourists bent on scenery exploration. More than 20,000 cars registered into Banff National Park this season to date.

ment. But there does seem to be some likelihood of truth in another rumor, namely, that Ottawa politicians have been duly advised that the Grand Old Liberal Party was losing 500 votes for every night that that fog shrouded, which was surely invented by a man who hated the entire human race—was allowed to wait through every note of the entire symphony of torture. Anyway, it has been silenced at last. And now Mr. Ivel will be able to include in his list of the things he did for Victoria which made her what he is, the fact that he was the appointed instrument for the doing-in of following Billy.

Okanagan Growers Must Repay Money

Hon. T. D. Pattullo, Advancing Small Loan, Announces Set Policy of Government

Every dollar advanced by the Government of British Columbia towards the upkeep and progress of the Okanagan irrigation system, must be paid back to the Government by the fruitgrowers benefited, according to a statement issued yesterday by Hon. T. D. Pattullo, Minister of Lands. Mr. Pattullo announced, at the same time, that an amount not exceeding \$27,000 would be loaned immediately to the Okanagan system on the understanding that it would be repaid by the growers of that area.

Mr. Pattullo issued the following statement: "I notice an article in the Vancouver press headlined to the effect that 'hundreds of orchardists face ruin unless repairs made to irrigation works,' and that the manager, Major A. H. Mackenzie, has resigned his job in protest at the policy of the Government in not advancing the amounts requested by the trustees on recommendation by Major Mackenzie as manager of the system."

"The Provincial Government has lent to the Vernon irrigation district approximately \$400,000 and everybody admits that in stepping in to assist the irrigation districts the Government saved the situation. Now, having got the money, there is an organized and determined effort to force a portion of the burden on the Province at large."

"This whole situation is being again carefully reviewed by the Government, but there is no intention of placing a part of the burden on the Province at large. Representatives of the Vernon district allege that they cannot pay the money already owing, and yet in the face of this statement very coolly ask for an immediate advance of \$145,000 more money."

Former Provincial Leader Will Speak

Mr. W. J. Bowser Takes Stump for Conservative Candidates in Many Ridings

Mr. W. J. Bowser, looked upon by many residents of British Columbia as the war-horse of the Conservative Party, will take an active part in the present campaign being waged throughout the Province and in all parts of Canada, to throw the Liberals from Federal dictation. Mr. Bowser will open his campaigning on behalf of Conservative Federal candidates next Friday afternoon when he speaks at Summerland, B.C. He will be heard in Victoria in the interests of Hon. S. F. Toimie on October 26, when he will speak in the Royal Victoria Theatre. Following is Mr. Bowser's itinerary: Summerland, Friday afternoon; Kelowna, Friday night; Oliver, Saturday afternoon; Penticton, Saturday night; Greenwood, Monday afternoon; Grand Forks, Monday night; Fernie, Wednesday night; Kimberley, Thursday night, and at Cranbrook, Friday night. He will then return to the Coast, speaking at Nanaimo, S. F. Toimie here Monday, October 26, in the Royal Victoria Theatre. He will support Mr. Stevens in Vancouver on October 27, and will wind up the campaign on the eve of the election, October 28, in North Vancouver.

Addresses Young People

On Monday evening the Young People's Department of the First United Church held its weekly meeting in the schoolroom with Mr. Donald Purves, president, in the chair. The attendance was exceptionally good, including a large number of the older folk as visitors of the evening. After the customary exercises a short

but brilliant address was given by Miss Jean Menzies, entitled "What the Young People Owe the Leaders of the United Church of Canada." A sacred solo was rendered by Mrs. Chave to her own accompaniment on the guitar. Then followed addresses by the Rev. Dr. Wilson and the Rev. Dr. Campbell, respectively, on the duty of the young people as future pillars of the United Church.

City and District

Logging Operations—Most of the logging companies at Cowichan Lake are operating. It was stated yesterday, though the market is still rather sluggish in demand.

Saatchi Raters—An important meeting of the Saatchi Raters' Association will be held tonight, at 8 o'clock, at Royal Oak School. All ward raters' organizations are asked to have their delegates attend this gathering.

Addressing Cravers—"Vancouver Island, the Great Britain of the Pacific," will be the subject of Mr. Lawrence Macrae's address to the Cravers at 11 a.m., Sunday, in the clubroom, 678 Burnside Road, near the fire hall. All young men are urged to attend.

Distinction in French—Mr. Percy Fletcher (M.A. Cantab) has just had information that one of his pupils, Mr. S. Milbank, formerly of Newcomb Avenue, now at Princeton University, has secured ninety per cent in his examination in French at his university.

Army and Navy Veterans—Reports of the delegates of the local unit to the recent Dominion convention of the Army and Navy Veterans, held at Regina, Sask., will be considered this evening at 8 o'clock by members of the Victoria branch of the organization in the dining room of the Fort Street. A full attendance is requested.

Esquimalt Board of Trade—At a meeting of the entertainment committee of the Esquimalt Board of Trade, it was decided to hold the annual banquet of the Esquimalt Board of Trade, Wednesday, November 4, at the Esquimalt Club. Esquimalt. There will be speeches and a musical programme.

Students Get Certificates—Two students of the New Era School, conducted by Miss Fagan at the Hibbert-Bone Building, have been awarded the

shortland certificate of the National Institute of Secretaries with exceptionally high marks. Miss J. M. Newell received ninety-five marks and Miss B. M. Hemion ninety-four marks.

Reception Planned Tonight—A special educational concert and reception will be held at the Victoria High School auditorium this evening for the British Columbia School Trustees' convention. Delegates to the convention and the public are requested to note that the concert will commence at 8 o'clock. All are asked to be in their seats at that time.

Medical Society Luncheon—Dr. T. C. Routley, general secretary of the Canadian Medical Association, addressed the Victoria Medical Society yesterday. Today's session of the association here next June. Dr. Routley left on the night boat to meet the executive of the British Columbia Medical Association, which is anticipated. Refraining from a connection with post-graduate instruction during the ensuing year.

Dance Tonight—A large number have signified their intention of motor-touring out from the city tonight for the big dance which will be held from 9 to 11 o'clock, in the Strawberry Valley Hall. Ray Kinloch's orchestra will be in attendance, and as this will be the first dance to be held in the district for some time, a large attendance is anticipated. Refreshments will be served during the evening by the ladies.

Rotary Luncheon—The Rotarians return today for their weekly luncheon to the Empress Hotel where, in past years they conducted their regular gatherings. Today's session at the Empress, at 12:10 p.m., will be a joint meeting with the delegates of the B.C. School Trustees' Association now in convention here. Addresses will be given by Mr. George A. Grant, of Burnaby, president of the association, and Mr. G. Barry, of North Vancouver, on subjects of interest to all present or prospective parents.

Meetings Tonight

Liberal
Nanaimo Riding—At Gordon Head Hall. Speakers: Messrs. W. Bryden, D. Hamsey, N. W. Whitaker, and C. H. O'Halloran.

Success Attends Retailer's Effort

Mr. J. T. Crowder Continues Fair Trading Policy Campaign in Interior

Reports are reaching headquarters of the Retail Merchants' Association of Canada, provincial board office, of the success of Mr. J. T. Crowder, of Vancouver, the Dominion president, in his campaign to inculcate the advantages of the fair trading policy campaign. From Nelson and Cranbrook information is to hand that Mr. Crowder had unusually large attendance at a series of street meetings. The druggists and booksellers are also rallying to the support of the fair trading policy plan.

Mr. Crowder addressed a meeting at Kimberley, on October 9, and was given an enthusiastic reception. Committee were appointed to organize immediately the whole district.

Mr. W. F. Ing, the secretary of the board, says there is no question the campaign is a success in the interior of British Columbia. Mr. Crowder began his campaign on this effort in Victoria several weeks ago.

Realtors Launch Big Advertising Drive Here Soon

Real Estate Board Endorses Campaign for Payment of Civic Taxes by Oct. 31—Survey Report Discussed

Land Commission Guests

The Victoria Real Estate Board, at its fortnightly meeting yesterday in the Chamber of Commerce Cafe, decided to launch a vigorous advertising campaign during the next few months, using display and classified space in the daily newspapers, and possibly extending the publicity drive to include a "buy your home" campaign on the silver screen at the local motion picture theatres.

Land Commissioner W. G. Cameron and Major Kirkpatrick Crockett were welcomed as guests of the board. President Joseph Bridgman introduced them to the gathering as "the official representatives of the largest real estate business in the city, with sales exceeding more than \$250,000 in the last few months."

Members of the board briefly discussed the report of the Education Survey Commission, and it was decided to refer the entire question to a special committee to be named by the president, which will examine the survey report and make recommendations.

Changes in valuation charges and loan procurement fees were debated and left over until the next gathering of the organization.

The luncheon was one of the best attended meetings held in the last few months, and keen interest was manifested in all matters that came before the session.

Books May Be Sold at Cost

Minister Suggests This Plan as Alternative to Proposal for Free Distribution

The great work of the convention of School Trustees of the Province now in session here is embodied in the resolutions passed upon and in turn submitted for the consideration of the Government through the Minister of Education. A list of thirty-four resolutions submitted from the different boards throughout the Province was placed in the hands of the members yesterday upon the assembling of the convention. In addition there were forty-eight resolutions filed with the secretary, to be automatically placed before the convention for discussion. These by and by will be referred to the Resolutions Committee for consideration.

There was also referred to the Resolutions Committee the answers that were given by the Minister of Education to the resolutions that were presented to him from the last convention. These answers were available only yesterday.

Minister Disapproves
A resolution was passed calling for an endeavor being made to secure these answers from the Minister earlier so that in future these would be presented to the members of the convention several weeks before the gathering was held.

Among the replies that had been given by the Minister was one to the effect that he did not think it practical for the Department to supply school books free of cost. The Department, he considered, might consider a proposition looking to the obtaining of these books and furnishing them at cost to the School Boards, which, in turn, might sell them at cost to the pupils or furnish them free if they so desired.

The Minister also did not approve of the principle of having entrance to the public schools only on a year.

Proposal Not Endorsed
Answering questions as to expenditure of money on new buildings, he was of the opinion that it would be a move in the right direction to adopt the principle of "pay as you go" in providing new school buildings wherever possible.

The Department, it was pointed out, did not approve of the earmarking of a part of the liquor profits for school purposes.

The Minister could not endorse a proposition that was put forward whereby it was to be made possible for the providing of extraordinary expenditure when funds were available after the elections had turned down the proposition.

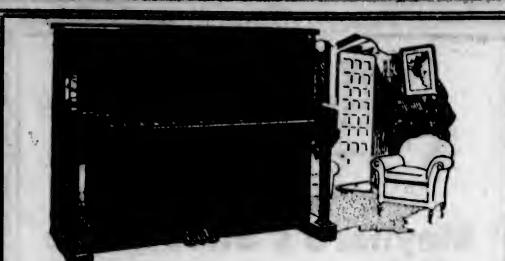

Warnings of Possible U.S. Coal Embargo

Washington May Retaliate on Canadians for Power Stand, Says Engineer

MONTREAL, Oct. 14.—A United States embargo on coal as a retaliatory measure to meet Canadian embargo on long-term leases of water powers, was cited as a possible conservation measure by I. W. McConnell, vice-president of the American Society of Civil Engineers, when he addressed members of that body in quarterly meeting here today.

The speaker put forward the view that export of resources, power and timber, free from restraint, was desirable for Canada as well as for the United States and that, if Canada failed to view the matter from the standpoint of her neighbor, the latter could not be criticized for taking similar measures to cut off the coal supply which now comes across the borders.

Fatality Field Accident
OCEAN FALLS, B.C., Oct. 13.—A verdict of accidental death was returned by the coroner's jury which inquired into the death of Allan Lloyd, who was killed Saturday morning on board the Pacific Dredging Company's barge which is dredging here.

New Goitre Remedy
Great interest attaches to reports of a remarkable method for treating goitre recently demonstrated at the W.T.B. Laboratory, 3013 Y.M.C.A. Bldg., Battle Creek, Mich. It is used by the patient herself in her own home and it is said that the largest and most hideous goitres begin to recede almost in a day. They gradually get smaller until in three or four weeks they are often gone entirely. The treatment is perfectly safe for anyone to use and many believe it will prove the long sought specific for all goitres. A little book issued by the laboratory explains the method fully and will be mailed free for the asking to anyone interested. (Adv.)

CANADIAN NATIONAL STEAMSHIPS
Steamer Prince Rupert will leave Vancouver every Monday at 8 p.m. for Anyon, calling at Powell River, Ocean Falls and Prince Rupert, while the Prince George will leave Vancouver every Thursday at 8 p.m. for Stewart, calling at Powell River, Ocean Falls and Prince Rupert.

Exquisite Evening Gowns From London and Paris

If you could look in at one of the fashionable salons of the French coutouriers, you would be delighted with the many piquant details, ingenious arrangements of flares, jabots and novelty trimmings of the new evening gowns. But you don't have to go so far. Let us show you these new details in the exquisite creations which we have lately received from Paris and London. They are fashioned in straight, slim lines as well as with bouffant and circular skirts. Materials include georgette, net, silver and gold tissue, oxidized tinsel, shot taffeta, lace and cut velvets with hand-embroidered flowers, rosebud trimmings, jewels, laces and ribbons. Some of the shades are cyclamen, sapphire, powder blue, orchid, turquoise, peach and rouge; black and white are also included. Prices are most reasonable, ranging from

\$35.00 to \$85.00

—Floor Two, H.B.C.

Society and Women's Affairs

Dance and Card Party

Mr. A. Watts-Jones was host last evening at a delightful dance at the Empress Hotel. Dancing to the strains of Prof. Hunt's orchestra took place in part of the ballroom, the rest of the room being screened off for bridge and mah jong. Supper was served in the dining-room at tables arranged with a glorious medley of autumn blooms, including Michaelmas daisies, gladioli, asters, delphiniums and ranunculus. Yellow and pink chrysanthemums, the same scheme of decoration being employed in the ballroom. The invited guests included: Sir

Frank and Lady Barnard, Mr. and Mrs. Herbert Wilson, Mr. and Mrs. H. R. Hammond, Mr. and Mrs. A. V. Macan, Mr. and Mrs. Dugald Gillespie, Mr. and Mrs. Andrew de M. Melvin, Dr. and Mrs. H. J. Moore, Dr. and Mrs. R. W. Ridgway, Mr. and Mrs. A. W. Harvey, Mr. and Mrs. F. H. Wilgess, Mr. and Mrs. Kenneth Raymur, Mr. and Mrs. A. G. Bolton, Mr. and Mrs. James Gray, Mr. and Mrs. McGovern, Mr. and Mrs. Russell Ker, Mr. and Mrs. R. H. B. Ker, Mr. and Mrs. Glen Holland, Mrs. C. F. Armstrong, Mrs. Driscoll, Mrs. A. S. Humphreys, Mrs. Dillon Coate, Mrs. Cator, Mrs. H. P. Bullen, Mrs. Archer Martin, Mrs. Othout, Lady McBride, Mrs. Raymur, Mrs. A. D. Macdonald, Mr. and Mrs. W. F. Brougham, Vancouver, Mr. and Mrs. C. S. Sweeney, Vancouver, Mr. and Mrs. J. A. Hobday, Vancouver, Mr. and Mrs. Sam Russell, Seattle, Major J. Fordham, Vancouver, Mr. and Mrs. Harry Davis, Portland, Mr. and Mrs. Haver-mayer, Qualicum, Mrs. Watson and the Misses Pecky, Ruth and Anna McBride, Miss Dola Dammann, Miss Tina Mowbray, Miss Katherine Lowen, Miss Jenny Turner, the Misses David and Inez Ker, Miss Gwen McPhillips, Miss Montclair, Miss Louise Campbell, Miss Mary Money, Miss Isabel Wilson, Miss Betty Kirk, and the Messrs. Pitts, Russell Turner, Simpson, Jerry Eberts, Dick Hall, Darcus, Stevenson, Dr. George Hall, Commander Strabart, Captain McIntosh, Commander Oland, Lieut. Mainkuy, Dr. Alan Fraser, Major Lyons, Colonel Villiers and Captain J. S. Matterson.

Delightful Party
A delightful party was held at the home of Mr. and Mrs. J. H. Middleton, 534 Dunedin Street, Saturday evening, the occasion being the twenty-first wedding anniversary of Mr. and Mrs. E. Middleton, and the fifteenth anniversary of Mr. and Mrs. B. Evans (Duncan). It was also the birthday of Miss Elsie Middleton. Those present were Mr. and Mrs. H. L. Bishop, Mr. and Mrs. C. Bishop, Mrs. Claude Bishop, Mrs. E. Bishop (Vancouver), Mrs. Geo. Bishop (Duncan), Mrs. E. Middleton, Mr. and Mrs. H. L. Middleton, Mr. and Mrs. L. Middleton, Mr. and Mrs. L. Clyde, Miss Hazel Clyde, Miss Tadde, Miss Doris Allan, Mr. and Mrs. R. McLean, Mrs. R. Evans (Duncan), Mr. and Mrs. E. Middleton, Miss Elsie Middleton, Mr. Alex. Coles, Miss Mabel Middleton, Mr. Norman Coles, Miss Grace Middleton.

Dinner Party
Mr. and Mrs. Kenneth Raymur, Monterey Avenue, Oak Bay, entertained at dinner last evening prior to attending the dance given by Mr. Allan Watts-Jones at the Empress Hotel. The guests were: Mr. Jimmie Gray, Miss Jennie Turner, Miss Ruth McBride, Mr. Maurice Carmichael, Mr. Harry Crane and Mr. Russell Turner.

Entertain at Dance
On Monday evening Mr. and Mrs. James Nicol, "Auchmountain," entertained about sixty guests at a dance for their son, Jim, who has recently returned from an extended sea voyage. The music was supplied by Art Bishop's Rainbow orchestra, while songs by Mr. J. McCall and a humorous recitation by Mr. W. Booth added to the pleasure of the evening.

Welcome Club Meets
The Welcome Club will meet at the Y.W.C.A. today and supper will be served at six o'clock. As this is work night, all members are requested to bring sewing. Further plans will be made for the winter work. New members are welcome.

In Seattle
Mrs. Gertrude Huntley Green left yesterday afternoon for Seattle, where she will be the guest of Mrs. Frederick Bentley. Mrs. Green will be pianist at the Robert Veiten recital

being held at the Metropolitan Theatre this evening.

Dinner Hostess
Dr. and Mrs. H. E. Ridgway, 81, Charles Street, entertained at dinner last evening, when their guests were: Mr. and Mrs. McIntosh McGivern, Mr. and Mrs. Russell Ker and Mrs. A. G. Bolton.

Registered at the Glenahiel
Among the out-of-town guests at the Glenahiel Hotel are Mr. and Mrs. Faulkner, of Seattle; Mr. Bockers, of Edmonton; Mr. and Mrs. Chapman, of Vancouver; and Mr. and Mrs. E. B. Jackson, of Vancouver, Washington.

Returned from Lake Cowichan
Mrs. Breton, who has been visiting her son at Cowichan Lake and has returned to town, has taken up her residence at the Glenahiel Hotel for the winter.

Returns Home
Mrs. Frank Higgins, who has been visiting friends at Lenton, Idaho, and her parents at Clarkston, Washington, for the last month, returned home yesterday.

Seattle Visitor
Mrs. J. S. Gibson, of Seattle, is arriving in the city Friday and will be the guest of her daughter, Mrs. Prescott Oakes, "The Oaks," Oak Bay, for a week.

Left for France
Mrs. Maurice Hills left yesterday afternoon for France, where she will visit relatives and friends for an indefinite period. Mr. Hills accompanied her to Vancouver.

Amputation Club
The Amputation Club held a card party and dance last evening at headquarters, which proved a most successful and enjoyable affair.

To Hold "At Home"
Mrs. (Rev.) W. M. Scott, 561 MacPherson Avenue, will hold an "at home" this afternoon from 3 until 6 o'clock.

Badminton Club Opens
The Garrison Badminton Club opens its season this afternoon at 3 o'clock at the Armories. Teas will be provided by Mrs. Ingram.

Entertained at Tea
Mrs. G. B. Mitchell and Miss Naomi Mitchell, Truitt Street, entertained at a delightful tea yesterday afternoon.

Here from Cowichan Lake
Mrs. Henry March, of Cowichan Lake, is the guest of Mrs. H. A. Davis, Newport Avenue, Oak Bay.

At Glenahiel Hotel
Miss Hatfield and Miss Mary Hatfield, of Monte Carlo, are visiting here and are registered at the Glenahiel Hotel.

Arriving Today
Col. and Mrs. Tiffany, of New York, are expected to arrive at the Empress Hotel today.

In Hospital
Mrs. L. L. Lennick, of Cowichan Lake, is a patient in the Jubilee Hospital and would like to see friends here.

Women's Clubs And Societies

Victoria Review, No. 1, W.B.A.
The regular meeting of Victoria Review, No. 1, W.B.A., was held Tuesday evening, much business being transacted, including the installation of Mrs. Edmund as finance keeper.

Y.W.C.A. Syllabus of Clubs And Classes Is Issued
An attractive syllabus of the year's activities of the Y. W. C. A. has just been issued. Interesting club and class lists will be found in it.

Christmas Gift Club
One of the most original and helpful of the small organizations at the present time, is the "Christmas Gift Suggestion Club," to be held every Friday evening at 7:30, open to all Association members. This club has been formed for the purpose of giving instruction in the making of simple and attractive Christmas gifts and is expected to be of invaluable assistance in helping all those who are interested to prepare their gifts in time to avoid a last-minute rush.

Charm Talks Continued
The "Charm Talks" held last winter, after the Christmas season, were so well received that it is proposed to repeat them at the same time this year. In addition, plans are being made to give a series of short discourses on "How to budget your salary—safe investments." These little talks will be given by the view to instructing girls in the principles of bonds and insurance for safe investment of the surplus of their income or salary while at the same time dressing well at a minimum cost.

Miss I. De Wolfe is Acting General Secretary
In the absence of Mrs. Bishop.

If the fair sex is so designing, why aren't there more lady architects?

Fashions and Foibles
By Shirley Sharon

Little shippers in and out of town, with one sock up and one shaken down, are favorably considering the sticking-on quality of the tam-o'-shanter.

Rope jumping has its ups and downs. For this sport, smartly dressed French children, who are now selecting new autumn hats and coats, like the plaited velvet tam-o'-shanter, for it waves a wicked ribbon. The double-breasted coat which has a bit of a flare is also receiving marked attention. The pocket, for instance, could hold interesting things. The raglan sleeve would receive little arms easily without mind fumbling, the collar could close snugly on chilly mornings, buttoning in warmth and buttoning out cold. It is an excellent style coat for chinchilla or tweed.

Smart Wedding Celebrated at St. Andrew's

Miss Nonie Cutler Charming Bride at Last Evening's Ceremony—Mr. and Mrs. Bailey to Reside Here

Autumn flowers trailing from standards, pulpit and choir chancel massed in myriad hues blossomed, formed a beautiful setting last evening for a brilliant Fall wedding held at St. Andrew's.

Miss Iona May (Nonie) Cutler, elder daughter of Captain and Mrs. M. F. Cutler, Carberry Gardens, and Major Charles K. Bailey, D.S.O., M.C., only son of Mrs. A. H. Todd, of Toronto, and of the late Mr. Bailey, of Vancouver. The ceremony was performed by Rev. W. Leslie Clay at St. Andrew's Presbyterian Church at 8:30 o'clock.

Wedding Given
The bride, who entered the church with her father, was lovely in an exquisite gown of old Brussels cream lace over a cream duchesse satin, made with straight line back and flare in front. A three-strand necklace of seed pearls, the gift of the groom, was her only ornament. The tulle veil fell from an Arlesian coronet of Brussels lace, finished at the back with orange blossoms. Her shower bouquet was of Ophelia roses, baby roses and maidenhair fern.

Miss Lorna Cutler, maid of honor, wore pale blue tulle with gold embroidered lace over skirt caught to the waist line, with small French flowers and a bandeau of old lace tissue in her hair. She carried a sheaf of golden Ophelia roses.

Miss Carolyn Tolmie and Miss Grace Plimley were the bridesmaids, wearing gowns made with tulle effect and georgette flare skirts and finished with a scarf from the left shoulder and falling to either side. Miss Tolmie's was of silver lace and mauve georgette and she wore a bandeau of silver tissue and pastel shaded French flowers. Miss Plimley's gown was of gold lace and soft rose georgette, she also wore a bandeau of gold tissue and pastel shaded French flowers. Their bouquets were of Columbia roses, thalictrum and Laddie carnations.

Mr. Len Laddlaw was best man, and the ushers were Mr. Ronnie Kingham and Mr. Joe Ford, of Vancouver.

During the signing of the register, Miss Helen Starr sang "Calm as the Night."

Reception
Following the ceremony a reception was held at the home of the bride, Mrs. Cutler, wearing a handsome gown of black sequins and jet and a black velvet hat with white

St. Alban's Guild
St. Alban's Guild will hold a stall of home-cooking and candy in the basement of Spencer's store next Saturday.

Victoria Women's Institute
The Victoria Women's Institute will meet tomorrow afternoon at 2:30 o'clock in the Surrey Block.

Weddings
Fry-Collins
At four o'clock yesterday afternoon Rev. Dr. W. L. Clay officiated at a quiet wedding at St. Andrew's Presbyterian Church, the principals being Miss Carolyn Tolmie, elder daughter of Mr. and Mrs. J. M. Collins, of Vancouver, and Mr. John Clarence Fry, of Calgary. The bride, who wore her traveling dress, was given in marriage by her father.

Fry-Collins
Miss Beattie Melita Collins, second daughter of Mr. and Mrs. J. M. Collins, of Vancouver, was married to Mr. John Clarence Fry, eldest son of Mr. and Mrs. J. H. Fry, of Chesley, Ontario, yesterday afternoon at 4 o'clock, at St. Andrew's United Church, the Rev. W. Leslie Clay officiating at the service. Given in marriage by her father, the bride was lovely in a New York model of tulle, crepe black satin and trimmed with heavy lace. Over this was worn a Black Prince silk marvellous fur-trimmed coat and a tulle hat. The bride's bouquet was of ophelia roses and fern. The bride and groom were unattended. After a honeymoon spent in Seattle and Portland, Mr. and Mrs. Fry will reside in Calgary.

Miss M. H. Beattie takes a china painting class every Tuesday, and Mrs. Edwards holds a class every Monday for the making of crepe paper and sealing wax novelties.

A daily prayer service is held, a Bible class and tea takes place every Sunday, the "Welcome Club" opens its meeting every Thursday evening with a supper at 6 o'clock, and the "Joy Club," composed of girls nine to twelve years of age, meets on Saturday afternoons.

One of the most original and helpful of the small organizations at the present time, is the "Christmas Gift Suggestion Club," to be held every Friday evening at 7:30, open to all Association members. This club has been formed for the purpose of giving instruction in the making of simple and attractive Christmas gifts and is expected to be of invaluable assistance in helping all those who are interested to prepare their gifts in time to avoid a last-minute rush.

The gymnasium and swimming pool are now open, for which special classes have been arranged. Swimming instruction will be given by Miss Audrey Griffin and Mr. Archie McKinnon, and it is hoped that early application will be made for membership by those wishing to have the privileges of the pool on Wednesday afternoons. A separate class in which swimming and gym are combined has also been formed.

The "Charm Talks" held last winter, after the Christmas season, were so well received that it is proposed to repeat them at the same time this year. In addition, plans are being made to give a series of short discourses on "How to budget your salary—safe investments." These little talks will be given by the view to instructing girls in the principles of bonds and insurance for safe investment of the surplus of their income or salary while at the same time dressing well at a minimum cost.

Miss I. De Wolfe is acting General Secretary in the absence of Mrs. Bishop.

If the fair sex is so designing, why aren't there more lady architects?

New Millinery

The newest things for Fall in our Millinery Department. Of sumptuous fabrics, beautifully adorned... perhaps a mode from Paris. Glorious Autumn colors abound in profusion. And a host of styles that score high in smartness and practicality for women, misses and matrons.

You'll Be Sure That You Can Always Buy for Less at Mallek's When You See the Values in These

Fur Coats

A Fur Coat is no longer regarded as a luxury, for it assures season after season of comfort and its initial cost—while a bit more than for coats of another type—proves an economy in the end. The Coats that make up assortment here are all so smart, so fine in quality that selection is certain to be satisfactory.

Our system of cash buying and cash selling enables us to offer the lowest possible prices on all garments. Come in and make comparisons.

1212 Douglas Street Telephone 1901

Mallek's Limited

osprey, assisted in receiving the numerous guests. During the evening Miss Helen Starr and Mr. L. Conyers sang solos.

Fall colors predominated in the decorations of the reception room. In the dining-room the table was decorated with ophelia roses and pale pink tulle and centred with a three-tier wedding cake, and was presided over by Mrs. Steele, Mrs. Stapleton and Mrs. George Weller. Those assisting were: Mrs. Crawford Fennell, Mrs. Macdonell (Vernon), Mrs. Miller, Mrs. Davis and the Misses Dorothy Scott, Vera Casey, Lillian and Elsa Michaelis, Helen Strath, Virtue Errington, Eva Christie, Katie Collison, Norah McEachern, Eleanor Dinwiddie, Doris Plimley, Gladys Underwood (Chase).

The groom's gift to the maid of honor was a pearl bar pin; to the bridesmaids, pearl bracelets; to the best man, only and gold cuff links and studs, to the ushers, silver cigarette cases.

For traveling Mrs. Bailey wore a smart tan broadcloth coat trimmed with lynx over a mauve cloth frock, with a pansy shaded velvet hat.

Mr. and Mrs. Bailey motored to Nanaimo and from there they will go to Vancouver and the Northern Pacific Coast cities. On their return they will reside at Albany Road.

Among the out-of-town guests were: Mrs. and Miss Goodman, of Seattle; Mr. and Mrs. A. Hutchinson, of Tacoma; Mr. and Mrs. Beery, of Duncan; Mr. Thomas D. Coldicott, of Nanaimo; and Dr. Parish, Judge and Mrs. Forbes, Mr. and Mrs. Fleming, Miss Stella Watt, Mr. Frank Broadfoot and Mr. John Knight, of Vancouver.

Your Birthday
October 15.—You are very matter-of-fact, and in the least imprudent or enthusiastic. You are cautious, and should possess good business ability. You are fond of outdoor life, read good books, and enjoy the society of clever people. You have many friends, are loyal to your home and family, and strive to make your home bright and attractive.

Your birth-stone is the opal, which means hope. Your flower is the poppy. Your lucky colors are yellow and white.

Tramp—Madame, I was not always thus. Housewife—No; it was your other arm you had in a sling last week.

Oak Bay Council Lauds Principle Of Zoning Plan

Favors Adoption of Scheme
in District—Suggested
Areas for Stores and Gar-
ages Meet Criticism

Decision at Next Meeting

Endorsement of the principle of municipal zoning, and the conviction that such a scheme should be put into effect in Oak Bay, featured the remarks of members of the Oak Bay Council last night, during the discussion of the zoning by-law, which was considered by the municipal body in the committee stage.

The original draft of the zoning by-law, as presented to the Oak Bay Council for consideration, prohibited any person, firm or corporation from erecting factories, warehouses, public garages and stores, except in the following areas:

1. Along Oak Bay Avenue from Poul Bay Road to Monterey Avenue.
2. The area to the west of a line drawn from Elgin Road to Cadboro Bay Road, and then along Cadboro Bay Road to Estevan Avenue.
3. The area now occupied by stores at the terminus of the car line at Newport Avenue.
4. Eight lots at the corner of Central Avenue and St. Patrick Street.
5. Eight lots at the corner of Estevan Avenue and Dunlevy Street.

The draft also contains a clause that a breach of the zoning act provisions would render persons breaking the by-law liable to a penalty not less than \$10 and not more than \$500 for each offence, and continuation of any such breach should be deemed a new offence for each day on which the same should be continued and would be punished accordingly.

Full discussion of the proposed zoning by-law took place, with a number of objections and criticisms of the suggested areas on which stores, public garages, warehouses and factories could be erected, being offered. Decision on the by-law was deferred by the Council until its next regular meeting.

Reeve Ancombe asserted that the zoning by-law was one of the most important matters that the Council had attended to this year, and by which the municipality could be kept a clean, residential area.

Trustees' Finances Quite Satisfactory

Statement Read to Association
Shows Balance of \$978—Or-
ganization Growing

The financial statement of the British Columbia School Trustees' Association, read yesterday by the secretary-treasurer, Mr. J. E. Wilton, of Vancouver, showed a balance in hand on September 30, 1925, of \$978. Among the items of the balance sheet for the year were, among receipts, subscriptions \$371, and Government grant \$137.21. The financial year began with a balance in hand of \$832.19. Total receipts had amounted to \$1,989.

"In every way the Association is progressing," reported the secretary. "The work this year is very encouraging. The branch work is beginning to take shape, and much of interest has been accomplished."

It was shown that in 1918-19 there had been only twenty-six Branches in affiliation with the Association, while in 1924-25 the number had grown to sixty-one, and at present there are ninety-five.

Analysis of the School Board situation in British Columbia reveals that there are thirty-three city Boards, twenty-five municipal, 135 municipal and 450 in connection with assisted schools. In addition there are fifty-seven Boards in the E. & N. Railway belt, mostly rural and assisted, bringing the total of all kinds to approximately 750 for the whole Province.

To run this number of Boards requires approximately 2,307 trustees. Membership in city Boards is 231; in municipal, 151; and in rural, 405.

Big Problems Now Pending In Old Land

No Doubt That Serious Con-
dition Exists in England,
Says Mr. Charlesworth,
but Outlook Hopeful

Education to Help Statesmen Think

Fresh from a four-month holiday visit in the Old Land, which he had not visited since he left his home there thirteen years ago, Mr. H. Charlesworth, secretary of the British Columbia Teachers' Federation, already finds himself plunged into the midst of school matters through the sessions of the British Columbia School Trustees' Association, which is now in progress here. So he has had little time to assort his many interesting impressions of conventions, places, people and conditions.

"As far as conditions generally are concerned, there is no doubt whatever that things in the Old Country are more or less in a serious condition," he reports. "People whom he deemed among the best qualified to make a forecast, are optimistic that England will ultimately pull through her difficulties, but that she has a period of even worse strain to pass through before that happy issue takes place."

The labor element is coming to terms within itself, slowly, perhaps, but nevertheless surely, the ultra-radical element, the Communists, and the more moderate men of the party are coming to an understanding. Mr. Charlesworth attended two big Labor conventions, one at Scarborough, the other at Liverpool, and this spirit of compromise was apparent at both.

Much, Mr. Charlesworth thinks, depends on the outcome of the deliberations of the Coal Commission. At the invitation of Mr. D. M. Stow, member for the Scottish Universities, he was present at the debate in the House of Commons on the coal subsidy. The general opinion of the people of England seemed to be that a subsidizing scheme was inevitable, although it was fully realized that this would in no sense solve the problem, but would merely be a postponement of the issue.

The unemployment situation was one which the press was inclined to exaggerate. As a matter of fact there were fewer unemployed today than before the war, although the present condition was undoubtedly, in part at least, an aftermath of the war.

England, he recalled, had a tremendous unemployment problem just before the war. The fact that France did not have it, he said in reply to a question, was due to the difference in national business. France has her big peasant class; England is largely industrial. Travelers' agencies claimed that they could not produce in competition with foreign countries and pay the wages which are demanded by British workers in order to keep the latter might be able to maintain a comfortable standard of life.

Empire Outlook
Although at short observation he was inclined to feel, while in Britain, that the Empire outlook was not as bright as it once was, he felt convinced, after conversation with some of his representative men who keep close to the heart of things, that the Empire outlook was more interested in the Dominions and Colonies than at the present time. He himself was convinced that many of the problems which England was confronted with at the present time could only be solved by the Empire as a whole. Trade within the Empire must be encouraged.

Education
"As far as education is concerned, my impression is, after close study of the situation, that in educational matters the Old Country is probably more settled now than at any other time in recent history. They are fully alive to the importance of education, particularly adult education. At the last session of Parliament legislation was passed on the statute books providing for a superannuation scheme for teachers. This seemed to have given general satisfaction. Reference was also made by Mr. Charlesworth to the splendid work done by the Burnham committee in drawing up standard scales which are to be adopted all over the country. This had removed one of the problems which had caused much unrest in recent years among educationalists.

Edinburgh Conference
An outstanding characteristic of the Edinburgh educational conference, at which over forty nations were represented by 1,400 delegates, was the very high type of persons chosen from the different countries. Mr. Charlesworth thought it was doubtful if ever before any educational assembly had brought together such a number of important educationalists. India, China and Greece were particularly referred to in this connection.

The conference had confined itself more or less to the discussion of those things which would have an influence on international understanding. There was no doubt, however, that the result of the conference would be to ensure the ultimate success of the movement for which they were working. Mr. Ramsay MacDonald, addressing the conference, had brought out this idea. Statesmen were faced with many difficulties in dealing with international relations, and the educationalists by keeping these difficulties well in mind, could give the statesmen much help by preparing the way for better international relations.

A woman in the suburbs was chatting over the back fence with her next-door neighbor. "We're going to live in a better neighborhood," she said.

"So are we," remarked Mrs. Next-door, confidently.

"What? Are you moving, too?"

"Oh, no, we're staying here!"

British Seamen Here in the Making

Rookie and Old C.O. Meet Again But Rookie Is Gen. Currie Now

VANCOUVER, Oct. 14.—Two old friends had a reunion in the Hotel Vancouver rotunda this morning. Twenty years ago, the 5th Regiment, C.O.A., of Victoria, had a muster parade, in which the commanding officer appeared with a new orderly, a raw gunner, who had just joined the outfit.

The commanding officer was Lt.-Col. F. B. Gregory. The new orderly was Arthur Currie. Some time later Col. Gregory persuaded his orderly to

take out a commission, recognizing in him the signs of military talent.

Lt.-Col. Gregory is now Mr. Justice Gregory of the Supreme Court. The orderly is now General Sir Arthur Currie, who has a list of decorations using up the alphabet.

"I have a warm spot in my heart for the judge," said Sir Arthur. "He always calls me his colonel because he persuaded me to take out my commission, and I later became colonel of the same regiment."

ment to lower the tariff on fertilizer. One fertilizer factory had promptly closed down in New Brunswick, and two or three more in Ontario, including one in Hamilton, which had been operated by three generations of the family.

"But," said Dr. Toimie, "perhaps you say that we got cheaper fertilizer. But we didn't."

And that for the simple reason, he explained, that the American manufacturers had raised their prices from five to twenty-five per cent as soon as they had realized that they were in control of the market.

Dr. Toimie read an excerpt from a U.S. Government commerce report, dated November 2, 1923. Economically and socially, according to the quotation, Canada could be considered as an arm of the United States, and the Canadian market could be regarded by Americans as a domestic market.

A Clear-Cut Policy
"That is their idea," exclaimed Dr. Toimie. "They think we are a part of their country already. Let us equalize the tariff at once, bringing ours up to the American level, and conserve Canada for Canadians."

Mr. Meighen had enunciated his policy in clear-cut, definite fashion, declared the speaker. We had declared that the tariff should be revised upwards to throw new life into the industries of the country. He proposed to maintain home markets and to make it possible for the Canadian people to develop Canadian resources, manufacturing the raw materials into the finished articles in their own country. He would strive for the reduction of freight rates—and one of the ways in which this would be done, said the speaker, would be the increasing of both passenger and freight traffic.

To guard against unjustifiable raises in prices as an aftermath of tariff increases, Mr. Meighen proposed a tariff commission with a membership representative of the general public. This commission would be empowered to investigate the books and plants of manufacturers suspected of charging exorbitant prices, and its report to the Government would be the occasion of remedial measures.

Victory in Sight
After paying a tribute to the personality and services at Ottawa of Mr. Dickie, Dr. Toimie concluded his speech with reference to the rising tide of Conservative power throughout the Dominion, which presaged, he said, certain victory at the polls.

Back From England To Resume Duties

Mr. H. Charlesworth Went to Attend International Educational Conference

Mr. H. Charlesworth, general secretary of the B.C. Teachers' Federation, has returned to Victoria after a four months' visit to the Old Land. While the special object of his visit this year was to attend the second meeting of the International Educational Conference, of which he is vice-president, he made the trip an opportunity for observation and study of many other educational matters in which he is keenly interested, while he has enjoyed the holiday quite independently of all these.

Mr. Charlesworth is not only vice-president of this international organization, but was the only Canadian elected to office on the body at its first meeting in San Francisco two years ago. He subsequently spoke to several Victoria societies and clubs, reporting something about the discussions and motives of the organization, and remembering the interest which these addresses occasioned at the time, the University Women's Club here have already secured from Mr. Charlesworth a promise that he will address them early in November about his recent trip to Great Britain. Several other bodies, it is understood, are approaching Mr. Charlesworth with the same request.

ROYAL VICTORIA THEATRE"

First Motion Picture Produced in Victoria Draws Crowd to Coliseum

Lieutenant-Governor Speaks at Initial Showing of "Romantic Rowena," Produced by Major W. Tayler—Victoria Revealed as Ideal Setting for Films

Victoria's first moving picture was shown yesterday at a special matinee at the Coliseum Theatre, when the producer, Major W. Tayler, received the enthusiastic applause of a large audience.

His Honor Lieutenant-Governor W. C. Nichol made a short opening speech, praising the efforts made by the company in the face of great odds to establish a film industry in Victoria. He earnestly appealed to Victoria citizens to give the company their utmost encouragement and help by their patronage, so that even though no great financial achievement might be made, the company would at least get back its money to enable it to make further experiments.

Alderman Clearhue, in the absence of Mayor J. Carl Pendergast, who greeted his inability to attend the opening performance, declared that it was an occasion for rejoicing that a new industry had been established in Victoria. He spoke of the film as an ideal situation for this type of work, and as being equal to Los Angeles in beauty of scenery, conditions for photography, and, in a small quantity, talent.

Criticism is invited

Major Tayler explained briefly the history of the enterprise. He earnestly desired every one to give his unbiased opinion of the results, and to refrain from praising them unless they merited praise. He related how the cast of the pageant, staged last summer at the Arena, started their experiment as a result of winning a

\$50 prize in a procession. The first picture taken was not a success, and investigations proved that to make an adequate filming of the great pageant would cost at least \$4,000. A compromise was therefore made, and a fantastic comedy of modern life, incorporating scenes from the pageant, was arranged.

"We wish to be quite certain of public opinion," he said, "so that we will feel justified in embarking upon another venture. We do not expect to make a penny out of this, but shall be satisfied if we can cover expenses."

The story, entitled "Romantic Rowena," concerns a modern working girl, Rowena, and her sweetheart, Jim, who works in a motorcycle garage. In the drama she imagines herself the fair Rowena of the court of King Richard of the Lion Heart, and pictures Jim as the romantic Ivanhoe, and the story works to its happy conclusion after a number of annoying and comical situations.

Great enthusiasm was shown on account of the characters being well-known to Victoria people, gazing their first appearance in film, and some of the acting was good. Eileen Allwood played the part of Rowena, opposite Captain Hugh Allan, as Jim. Other parts were taken by Mrs. Tayler, Vangy Belby, Barbara Pollard, Marjorie Speiser, Bob Webb, Maris Hale, Stewart Minor, and Baby Knox, aged eighteen months, supported by hundreds of extras. The film will appear at the Coliseum every day next week, with a special matinee on Saturday.

Victoria Girl Wins Ear of Metropolis

Miss Bertha Hartman, Pupil of Mrs. R. Baird, Gets Important Appointment

Victoria has won further distinction in the bigger musical world by the recent appointment of Miss Bertha Hartman, a contralto "discovered" here some three or four years ago by Mrs. Eva Baird, to the staff of soloists at the Metropolitan Church, New York.

Miss Hartman had been very little heard even in student circles locally until Mrs. Baird heard her and immediately recognized the voice as one of remarkable quality, which merited careful cultivation. After studying with Mrs. Baird for two years this young singer went to Chicago to study, and there obtained two very good positions as soloist in two of the bigger churches, one for Saturday services, the other for Sunday, both of which she held during her year's residence there.

She has been in New York for more than two years, and has now, by her selection as one of thirty-five from 500 applicants, justified the faith which Mrs. Baird held from the beginning, namely, that the voice was one of exceptional beauty.

Mrs. Baird is to be heard here in recital on Thursday, October 22, for the first time since she returned from a year's study in Italy. The recital is to take place at the Empress ballroom.

Victoria Musician Playing in Seattle

Mrs. Gertrude Huntley Green left yesterday afternoon for Seattle, where she is appearing tonight, in recital with Robert Velten, one of the most brilliant of the younger violinists of the United States. The big number on their programme is the "César-Franc Paganini Concerto," a composition which ranks among the finest for piano and violin.

Mr. Velten's home is in Seattle, but for some years he has been living in New York. The recital is taking place at the Metropolitan Theatre.

Special Programme of Music for "Romola" At Dominion Tonight

Director Prescott, of the Dominion Concert Orchestra, has arranged a special number to accompany the big feature attraction "Romola," starring Lillian and Dorothy Gish, which is playing to capacity houses daily at the Dominion Theatre.

Several of the leading opera selections will be featured by the orchestra, among which are the following pieces: Selection, "Traviata" (Verdi); Prologue from "Faust" (Gounod); "Valse" (Tchaikovsky); Intermezzo, "Phantom" (Bozzini); fox trot, "The Kinky Kids Parade" (Donaldson).

Patrons attending the evening performance are urged by the management to come early where possible, as tremendous crowds are the general order every night. The feature attraction starts at 2:12, 4:25, 6:40 and 8:50.

Must Answer Charge

VANCOUVER, Oct. 14.—Richard "Dick" Cumyow, Chinese youth, charged with attempted procuring, must go on his defence. Magistrate H. C. Shaw ruled when the case was called in police court today. The bail of the accused was raised to \$2,500, and a remand until Monday ordered.

Thrills and Action In Columbia Film

"The Prairie Pirate" Featured for Balance of Week Makes Excellent Melodrama

The current bill at the Columbia Theatre provides real entertainment by that most genuine of Westerners, Harry Carey. After all, the screen has best produced excitement and adventure, and this new Carey picture, "The Prairie Pirate," does that to perfection.

The complete peace and tranquillity of his life destroyed through the murder of his sister by a gang of border bandits, Harry Carey, as "Hirsh Delaney," devotes his life to finding the outlaw chief with only the help of a detective. His search is made under the guise of "The Yellow Seal," who has won the confidence of the oppressed of the border region and the fear and hatred of the oppressors. Further complication is added to the plot when he meets the beautiful "Teresa Esteban," played by Trilby Clark, whose father is in the power of the gambler "Howard Steele," played by Lloyd Whitlock, and the bandit "Aguillar," played by Fred Kohler.

Burns Club Holds Its Annual Meeting

Officers for Coming Year Elected and Musical Programme Is Given at Meeting

The annual meeting of the Victoria Burns Club was held last evening in the Elks' Club rooms, Douglas Street, and was exceptionally well attended. Mr. John Hoole, the president, occupied the chair. The meeting opened with the singing of "Scots wha hae," followed by a bagpipe selection. Then the annual reports were given, that of the secretary and the treasurer, with a brief address by the president, who expressed his satisfaction with the excellent work and success of the club during the last year. The spirit of good-fellowship, friendship and general bonhomie had marked the meeting since its inception, and all these attributes counted in no small measure for its great success. It was proposed that the next meeting be held on a regular basis, and a dramatic circle be formed, which suggestion met with approval.

An object of special interest to the society was shown to the members, an old tea caddy, which had been in the Burns family for years, and which was kindly lent for the occasion by Mrs. Dickie of this city.

The election of officers for the ensuing year then took place as follows: Hon. president, Hon. S. F. Toimie; honorary vice-president, Mr. J. H. Toimie; president, Mr. John Hoole (re-elected); Mr. William McKay, vice-president; Mr. D. C. Robertson, secretary; Mr. D. McAdie, treasurer; Mr. W. H. Cochrane, bard; Mr. Donald Cameron, piper; executive committee, Messrs G. C. Grant, Capt. A. M. Boyd, W. H. Grant, R. B. Law, H. M. Wright and A. McKearchie. The social convener is Mr. A. S. Christie.

Mrs. R. B. McKicking was made an honorary life member in recognition of her work for the club.

A short musical programme was given, the following artists contributing selections: Mrs. Watt and Mr. Petrie, vocal selections; Mr. R. B. Law, violin, and Miss Jaffray, accompanist.

The Rev. Robert Connell gave a short talk on "Dreams and Reality," which was most interesting.

Press Delegates Making Trip Through Australia

MELBOURNE, Oct. 14.—The delegates to the Imperial Press Conference, recently held here, have returned from a tour in Tasmania, and have now gone to Ballarat, on their way to Adelaide, where they will probably embark on their return voyage from Australasia. The proposed visit to Western Australia has been cancelled because of the seamen's strike at Fremantle.

Before leaving Melbourne, the Imperial Press Conference delegates gave the president of the conference, Lord Burnham, a gold loving cup as a token of appreciation.

AMUSEMENTS

The Screen

Capitol—Tom Mix in "The Horseshoe."

Columbia—"The Prairie Pirate," starring Harry Carey.

Dominion—Lillian Gish in "Romola."

The Stage

Coliseum—"Arabian Nights."

Playhouse—"Colonel Coldfeet."

DOMINION "Give us Lillian and Dorothy Gish in the same picture," has been the demand made by countless film patrons ever since the two girls appeared together in "Orphans of the Storm." And this request has been answered at last in one of the great pictures of the year, "Romola," the feature attraction at the Dominion Theatre this week. It is an Inspiration Picture released by Metro-Goldwyn. Besides the Gish sisters, the cast also includes Ronald Colman, William H. Powell, Charles Lane and Herbert Grimwood. The entire production was filmed in Florence, Italy.

CAPITOL There was a great buzz of excitement on the set of "The Lucky Horseshoe" at the big William Fox West Coast Studio, when a little demure miss walked calmly to the director. More than a thousand eyes followed her closely. For the newcomer was Ann Pennington, famous throughout America as the greatest jazz dancer of her time. From tongue to tongue it was quickly whispered that Miss Pennington was to do her famous dance in the picture. For the moment the always popular Tom Mix and Miss Billie Dove, his leading lady, were forgotten. Then, the little dancer for more than twenty minutes executed one of the dances that has made her famous all over the speaking world. The dance forms one of the important sequences in "The Lucky Horseshoe," which is now playing at the Capitol Theatre, with Tom Mix as the star.

PLAYHOUSE An enviable place in the favor of both stage and screen patrons is held by Conway Tearle. And in "Just a Woman," M. C. Leve's new First National production, now showing at the Playhouse Theatre, he scores another hit to add to a list already long. "Just a Woman," an adaptation from Eugene Walter's stage play, gives Tearle an opportunity to display his unusual acting ability, as the role he portrays, that of a chief clerk in the steel mills who later becomes president of the mills, runs the gamut of emotions.

COLISEUM Coliseum audiences last THEATRE night demonstrated in no uncertain manner that the bill of fare was to their liking. "The Arabian Nights," this week's stage offering, is right up to the standard of the sparkling comedies that have packed the theatre for months. May Rodwell, the new soprano from the Old Country, was again applauded to the echo. Ruth Hamilton capably fills an excellent role, and George Brydon, the dancing king of the company, chalks up a few more encores to his credit. Tully Marshall, who plays an important part in "Smouldering Fires," the screen attraction, with Pauline Frederick and Laura La Plante as co-stars, has appeared in more pictures than probably any actor on the screen.

JAEGER

A fine rider, like a fine horse, must be well groomed.

JAEGER garments are the thoroughbred of the world of wool.

In the Tea Cup

the full charm of

"SALADA"

TEA

is revealed. The flavor is pure, fresh and fragrant. Try it. Black, Mixed or Green Blends.

The Nights were Torment

Now, thanks to Tanlac, Mrs. Bradley "really and truly" feels like a brand new woman!

Mrs. M. J. Bradley had come to the point where she could scarcely do her housework. Two years of suffering from indigestion had shattered her health. What little she ate caused stomach fermentation, gas bloating and pain. She lay awake through the long hours of the night and was tired out through the day.

"That four bottles of Tanlac should correct my troubles when all other attempts had failed makes it seem altogether wonderful to me. Now I enjoy a fine appetite, good digestion and really and truly feel like a new woman. It is the ideal tonic."

*Authentic statement; address on request.

You don't have to wait long to see the results from Tanlac. That's the wonderful thing about this great tonic. It works fast.

Like a flash it goes to the seat of trouble. It cleans the blood and drives out the poisons that are tearing down your health. It tones up the stomach and aids digestion—gives you a real appetite for wholesome food.

Don't drag on from day to day putting off the time of reckoning. Start taking Tanlac this very day. Your druggist can supply you.

Notes: For Constipation, take Tanlac Vegetable Pills, Nature's own harmless laxative.

MARINE and TRANSPORTATION

President Grant To Take Out Big Passenger List

More Than 100 Chinese Embarking Here After Working Out Contracts in Eastern Territory

Madison en Route Here

When the President Grant sails for the Far East, Sunday, she will take out the first booking of Chinese passengers who are returning home after working out their contracts in the Eastern Territory.

More than one hundred Chinese steamer passengers will embark here, Mr. W. M. Allan, local representative, announced yesterday, while at Seattle a similar number will embark, including several deportees from the New York round-up made by the metropolitan police.

The President Madison sailed from Yokohama, October 10, and is due here October 20, according to cable advice received at the local office yesterday. The vessel has a passenger list of 240, thirty of whom will disembark here. For Seattle there are ship first class and 150 steerage passengers.

Cargo aboard the Admiral Oriental liner is valued at \$6,500,000, including a shipment of silk estimated at \$2,500,000. The mail consignment totals 1,750 sacks, of which fifty bags will be put off here.

Shipping Delay Caused by Dense Blanket of Fog

Coastwise Steamers Late in Arriving From Mainland Ports—Ss. Africa Maru Stays in Seattle

Coastwise shipping was seriously delayed yesterday, due to the heavy blanket of fog which hung over the Straits. The night boat from Vancouver did not dock until 8:30 o'clock yesterday morning, being an hour and a half late.

The fog was thicker in the afternoon, with the result that the Princess Margaret, from Seattle, did not arrive until 3:15 p.m., being delayed two hours by the dense fog on Puget Sound. The Princess Kathleen did not reach here until 4:30 p.m., which is an hour and twenty minutes behind schedule.

She docked at the Outer Wharf, Captain J. W. Troup thinking it more expedient that the vessel should sail for Seattle from the outer dock on account of the potential danger of leaving the Inner Harbor during a dense fog. This arrangement, however, will not be necessary when the removal of fifty feet of Hospital Rock has been effected.

The Omaka Steamer, Kaisha, liner Africa Maru was unable to leave Seattle for Victoria, due to the dense fog on Puget Sound last night. It was announced by the U. C. Pilotage, however, that the vessel would have sailed from Seattle today.

Forest Dream Is Released; Leaves On Long Voyage

NO longer is the barkentine Forest Dream subjected to embarrassment by having a summons nailed to one of her masts. The placard was taken down yesterday afternoon by Marshal H. W. Goggin, the bill of \$1,250 against towing having been paid. The vessel was towed to sea last night on the first leg of her 10,000-mile voyage to Mauritius with 2,000,000 feet of B.C. timber.

Victoria for the Orient at 5:30 p.m. yesterday.

Other vessels due here tomorrow may also be delayed if the fog does not lift during the next twelve hours. The Dorothy Alexander is on her way up from California, ports and, according to schedule, should arrive at 9:30 o'clock, while the Iyo Maru is reported due at William Head at 4 a.m. The fog, however, is only experienced on entering the Strait and it continues to overhang the water at its present density the inbound steamers may be delayed several hours.

ABERDEEN, Wash., Oct. 14.—Owing to heavy fog and smoke from forest fires there were no ship movements out of Grays Harbor today.

Monster Halibut Is Landed Here

Mr. H. Johnson, in Small Row-boat, Catches 160-Pound Fish After Hard Fight

One of the largest halibut caught in local waters in years was landed by Mr. H. Johnson, of Rocky Point, off Bentinck Island, yesterday afternoon. The monster fish weighed 160 pounds, was six feet six inches in length and two feet eight inches wide. Mr. Johnson caught the fish with an ordinary salmon line and it took him an hour and a half to land it. At present, wholesale prices this halibut is valued at \$20.00.

Mr. Johnson was in a small row-boat when he caught the fish and had he not stunned it before hauling it into the boat one flap of the fish's tail could have knocked the bottom out of the small craft.

SEATTLE, Oct. 14.—Two men were injured when two automobiles, a motor and a street car collided in a heavy fog aggravated by forest fire smoke which covered Seattle. Navigation on Puget Sound was perilous and vessels of all sizes moved slowly, cautiously sounding their whistles.

Bear Selling Curbs Advance

Speculators for Rise Continue Control Despite Volume of Profit-Taking

NEW YORK, Oct. 14.—Speculators for the advance continued control of price movements in today's market, but they were forced to contend with another large volume of profit-taking and bear selling, which gave the market an irregular appearance most of the time.

Operations for the rise reached their maximum intensity in the mercantile issues. McCrory Stores "B" scored an extreme gain of 13 points, then slipped back to 120 1/4. R. H. Macy & Co. was bid up more than six points to a new peak of 109 1/2, closing within a point of the top, and Weber & Heston closed five points up at 80 3/4.

Better demand also was noted for the equipment shares in anticipation of large railroad orders for 1926 delivery.

United States Realty led the advance in the so-called rich men's stocks, soaring 15 1/2 points to 171 1/2. American Can soared nearly eight points to 243, and then eased to 240 3/4.

Rails failed to follow an early advance, although New York Central, Union Pacific, Southern Railway, Baltimore & Ohio, Texas Pacific, Colorado & Southern, and several other popular issues closed a point or so higher.

Call money renewed at 5 per cent, and then advanced to 5 1/2, and interior banks continued to withdraw their funds from New York, limiting the sums available here for loans on stock collateral. Time money and commercial paper rates were unchanged.

Total sales were 2,641,600 shares. Price movements in the bond market today were sharply divided, with a clear preference shown for the semi-government high-yielding securities. High-grade investment bonds, including U.S. Government obligations and gilt-edged rails, were unable to attract a following in view of the current firmness of money rates.

Board Discusses Light, Power for Nanaimo City

Developments Await Report of Industrial Committee—Disappointment Is Expressed by Member

Coercion Means Suggested

NANAIMO, Oct. 14.—At the monthly meeting of the Board of Trade held last evening, Mr. T. A. Barnard brought up the question of electric light and power in the city as developed from the meeting with Duncan delegates at Departure Bay. He was disappointed with the apathetic attitude of the board towards the proposal, and said he did not know but it looked to him as if sentiment had been smothered to some extent, perhaps from the fact that some of the members of the board who had attended the meeting at Departure Bay was also interested in the local light and power company. Cheaper light and power for Nanaimo would be a great advantage to the city as a whole, he declared.

President (don't) remarked that the question had not been dropped, but had been handed over to the Industrial Committee for investigation and report. Until the board had this report it could do nothing further in the matter.

Mr. McCarthy said that Mr. Barnard had mentioned cheaper rates, but he had yet to be shown how they were to get cheaper rates from the proposal submitted to them. If the B.C. Electric meant business it could

Pacts Planned To Safeguard French Allies

Special Treaties Between France and Poland and Czechoslovakia Find Favor at Locarno

Germans Satisfied With Arrangement

Accord Also Expected on Teuton-Polish Relations—Berlin Wants Corridor Question Closed for Good

BERLIN, Oct. 14.—Official circles in Berlin no longer doubt that some sort of pact will emerge from the Locarno parties and Germany declares her readiness to join the League of Nations at least conditionally. The report presented to President von Hindenburg by Dr. Kempner, Secretary of the Foreign Office, who came here yesterday from Locarno, is said to have clarified the German official viewpoint.

LOCARNO, Oct. 14.—The European security conference took on a distinctly favorable development tonight by the decision of a French guarantee for her eastern allies, Poland and Czechoslovakia, by the adoption of special additional direct treaties between France and Poland and Czechoslovakia.

By these treaties France recognizes her right to protect the territorial integrity of her allies and to defend them in event of flagrant aggression. This is said to be satisfactory to the Germans, who are not forced to become parties to the arrangement.

Polish Agreement Likely Furthermore, the jurists reached an agreement on a formula for Germany's arbitration treaties with Poland and Czechoslovakia, which will be submitted to the plenipotentiaries tomorrow.

Berlin advisers received here say that the German political leaders will offer no obstacle to agreements reached in principle by Chancellor Luther and Dr. Stresemann. Hence the feeling throughout all the delegations late tonight was one of optimism that the conference would be wholly successful.

The Allies realize that with the Polish-German relations left unclarified their edifice of peace will be weak in part of its foundation.

Want Corridor Question Closed Stripped of judicial technicalities, what Germany wants is to avoid the possibility of a dispute arising out of the question of the Polish Corridor.

Germany feels that the Corridor is an "abnormality and monstrosity," as one German puts it, and she thinks that disputes arising out of her existing frontier should not be subjected to arbitration, realizing that if the League of Nations council failed to agree on any decision, Germany would be free to act independently under the terms of the covenant.

Search Parties Annoy

Another desire of the Germans is to get rid of the League's right to conduct investigations into German armaments. This right is conferred by the Treaty of Versailles. But Germany believes that with peace reigning on the Rhine, and the past buried under a beneficent Rhine pact, military investigations would be needless, and the idea itself is painful to German national pride.

Notwithstanding the difficulties the Allies and even the Polish spokesmen expressed confidence tonight that a solution would be found on the outstanding points, and that all the documents would be signed at Locarno.

Premier Mussolini Arriving ROME, Oct. 14.—Premier Mussolini left today for Locarno to attend the conference on the proposed security pact. In Rome he going to Locarno is interpreted as a good omen, presaging a satisfactory conclusion of the security negotiations. Signor Mussolini is Foreign Minister as well as Premier.

Old Age Pensions Are Made Plank

Liberals Declare for Effort to Secure Protection for Aged at Oak Bay Meeting

Advocacy of old age pensions is the chief plank in Mr. T. B. Booth's platform, Mr. Henry Hall, K.C., told an audience consisting of thirty-four, including speakers and entertainers, at a meeting held last night in St. Mary's Hall, Oak Bay, in support of Mr. T. B. Booth, Liberal candidate for the Federal House in the Nanaimo riding. "He is going to fight through thick and thin for it," the speaker declared, "and know that you will back up a candidate that is out for such a splendid mission."

This was the answer which Mr. Hall gave to a query which had been addressed to Chairman Percy James to learn how Mr. Booth stood on the question.

Returned soldiers' problems took up considerable space in the speaker's remarks. He enlightened his listeners on the policy of the Mackenzie King Government on this question. He told of the success which had greeted the returned soldiers' committee, which had been appointed by the present Government to look into complaints, and remarked that all were now getting a square deal.

The freight rates question was a vital issue of the present election, Mr. Hall said. The speaker advanced many arguments why the Mackenzie King Government should be supported in its attempt to get a square deal for the West. "It is a case of East against West and injustice against justice," he submitted. He also told of the way in which Vancouver had already benefited from the reduction in the freight rates and how Victoria was going to benefit with the building of the new elevators and the lumber assembly plant.

Mr. Hall dwelt briefly on the dairy, logging industry, and quoted extracts from a local newspaper on its stand with regard to oleomargarine administration into the country.

Messrs J. B. Clearblue and N.

Jonathan Apples

Have the guarantee of your merchant as well as the growers.

A substantial red apple, known for its ideal cooking and dessert qualities. Equal in every way to the OK McIntosh—but quite different in flavor. Try them on your table and in your cooking for Sunday. Their very appearance is delightful. The Jonathan is a short crop this year—buy them now!

JONATHAN APPLES

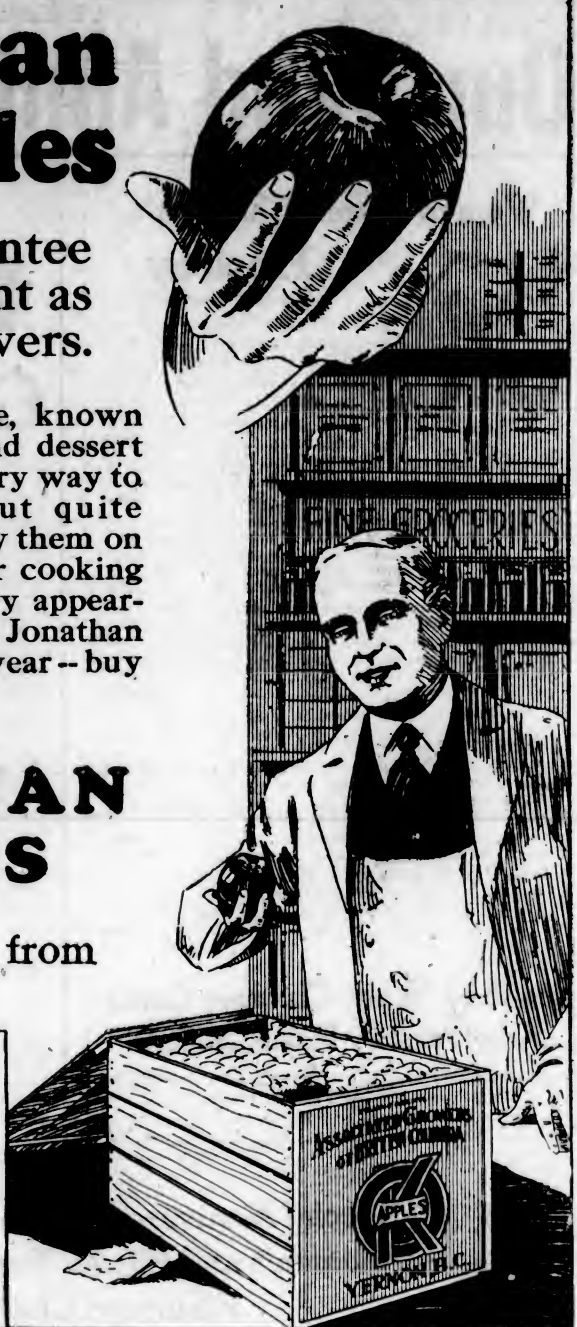

A different flavor from all other varieties.

FREE BOOK

Associated Growers of B. C. Limited, Vernon, British Columbia.

Please send me a copy of your free apple book with lithographed colored scenes of the orchards, etc.

But There Is No Poverty

Oak Bay Council to Substitute Main at Estimated Cost of \$3,510—Name Park After Captain Walbron

Cash Situation Is Good

The Oak Bay Council last night adopted the suggestion of Mr. C. C. Pemberton and decided to name the park located on the summit of Gonzales Heights after Captain Walbron, a noted navigator, who once commanded the Quadra, and wrote the well-known book entitled "Place Names of British Columbia."

The council adopted the recommendation of Municipal Engineer Robert Fowler to replace the present four-inch main on Uplands Road by an eight-inch main at an estimated cost of \$3,510, in order that there will be no further shortage of water, as had been the case last Summer, in some of the higher parts of Uplands district. A supplementary estimate will be provided to cover the expense.

A report of the municipal finances for 1925 up until the end of last month was submitted by the treasurer, Clerk R. P. Bandy. His statement showed that the cash situation was very satisfactory, especially in regard to receipts.

Applications for the use of the Oak Bay Park were received by the council from the Rugby Union and St. George's School. The matter of arranging periods for organizations to utilize the grounds was left to Councilor Money, with power to act.

Mr. Napier Denison asked the Oak Bay Council to repair that portion of Denison Road leading to the entrance gate of the Dominion Meteorological Station on Gonzales Heights. The council will not accede to the request, owing to the said part of the road being in the city of Victoria.

To Hold Radio Show—By courtesy of Kent's Music Store, Victoria, a radio show is being held in the Cheamius Recreation Hall, Friday evening, Nov. 1925 model radio sets will be on display and the residents of Cheamius and vicinity are cordially invited to attend. There will be no charge for admission.

Cowichan Lake Direct Service, Take Canadian National Railway motor coach from Point Ellice depot, 9 a.m. daily, except Sunday.
